

Over Half a Million SATISFIED CUSTOMERS

Do you think such an enormous business could be built up and continually increased, if our goods did not have exceptional value and merit? Do you think we could hold the trade of half a million people, if our reputation for doing exactly what we say wasn't firmly established? Do you think U. S. Senators, Foreign Ambassadors, Bankers, Business and Professional men in every section of this country would keep on using HAYNER WHISKEY if it wasn't all right? Do you think doctors would recommend it and hospitals use it, if it wasn't absolutely pure and unadulterated? Just think these things over carefully and then send us a trial order. Your money back if you are not satisfied.

United States Senate, Washington, D. C.
"I have found Hayner Whiskey exceptionally fine for table and medicinal purposes."
Wm. M. Stewart,
U. S. Senator from Nevada.

C. B. METCALFE, San Angelo, Tex.

Sherwood News Notes.

Irion County Record.
Geo. Rice was here from Angelo Tuesday.

John Spiller has moved his family to San Angelo.

Miss Myrtle Teague left yesterday for Huntsville to attend school.

Miss Pattie Noelke has gone to Georgetown to attend school.

Capt. Adams was in town Saturday on his way home from a trip to San Angelo.

Dr. Marberry was here from San Angelo Saturday to consult with Dr. Deal in Oscar Estes' case.

Prof. Estes was out from San Angelo Saturday to see his brother Oscar, who was badly injured in an accident Saturday morning.

Mr. and Mrs. Banister Eaden were out from their home near San Angelo this week visiting Mrs. Eaden's parents, Mr. and Mrs. J. P. Thorpe. Mr. Eaden made us an appreciated call while here.

H. H. Mitchell, who ranches twelve miles south of town, was in the city last Friday to have his hand, which he had painfully hurt in stretching a wire fence, given medical attention.

L. F. McLendon has sold his ranch 8 miles south of town to M. Teal, of Saginaw, Texas. Mr. McLendon expects to leave on a trip to California, but will not move away from here.

Work on putting up the telephone line between Sherwood and Stiles began Monday morning. The first pole was put up along by S. Stinebaugh's residence in the southwest part of town. The line will be pushed rapidly to completion.

Mrs. Mary Lewis has bought the building from T. H. Tomerlin which is occupied by W. P. Moore's confectionery stand. Mrs. Lewis expects to move the house into the lot on which her hotel stands and use it in connection with the hotel as rooming quarters. Mr. Moore owns the lot on which the building now stands and also the one adjoining on the south. When Mrs. Lewis moves her building away Mr. Moore intends putting up a nice new building on his lots.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

The Santa Fe at Santa Anna.

Santa Anna News.

Things look a whole lot better down about the Santa Fe depot now. The waiting room is more commodious, nearly finished and better seated. Mr. Brown's office is attractively arranged, a baggage room has been added and the freight room considerably enlarged. Around the building has been filled in with crushed rock, which after getting wet, will pack down and cement. The removing of the switch to the north side of the depot has also added to the looks of things and made it more convenient. The main track is now next to the depot. It is a busy looking place down there now, cars are being loaded with cotton and cotton seed for shipment, and lots of lumber and goods are being unloaded.

A Remedy Without a Peer.

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klote, of Edina, Mo. For any disorder of the stomach, biliousness or constipation, these Tablets are without a peer. For sale by all druggists.

The Concho Country.

Texas Stockman Journal.

J. K. Rosson returned Monday from a trip to the San Angelo country and says he found that section dry, as a rule, though a good rain Saturday night improved condition on the Door Key and J. S. Dabney ranches and the surrounding country to the east and southeast. Mr. Rosson says there will be very few cattle for the market from that section this fall. Such as are to come are principally cows which are just getting in good, strong condition. With very favorable conditions from now on, they may be able to market some fair cattle late in the fall. The cotton crop is just fair in that section, it having been cut down by the dry weather that has recently prevailed.

Sprains.

S. A. Read, Cisco, Tex., writes, Mar. 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains. Sold by Central Drug store."

-Pianos rented, Allen.

More Cut-Off News

Galveston, Sept. 14.—The filing of the charter at Austin of the Gulf, Santa Fe & Northwestern Railway company, which is to build and operate the new cut-off line of the Santa Fe from Brownwood to Texico on the Pecos line of the Atchison system, is the first official information given out about the construction of the line to connect the Gulf division with the main system for a shorter route to the Pacific coast.

This morning Colonel W. C. Nixon, vice president and general manager of the Gulf lines, stated to a Record representative that he had no information about the project, but presumed it had been decided to build the extension from the San Angelo branch to connect with the Pecos line of the system. The total mileage of the proposed new line in Texas is 475 miles.

The road will fill in the gap between the Santa Fe in New Mexico and the Gulf division, as above stated, forming a new transcontinental line between Galveston and the Pacific coast. It will be about the same distance between Galveston and the Pacific coast by this new route as the existing Southern Pacific line. It will be a new line between Galveston and South Texas points and the Panhandle. It is proposed building from Texico to Belen or a point south of Albuquerque, which will complete the direct line from Brownwood to the Pacific coast.

It is presumed here that construction will be prosecuted from both the Brownwood and Texico ends and that Texas lumber will figure largely, if not solely, in the new extension. It is said that a native timber from Colorado and New Mexico furnishes an excellent tie for the western section of the new line, while the Texas treated lumber will be used on the eastern and southern end of the new line. But most of the other lumber to be used in the new road will be supplied from Texas.

The Santa Fe is now penetrating a virgin lumber section with its Sabine river extension, and is figuring on getting out many millions feet of fine lumber as soon as the road is finished. Construction has been delayed and the road will not be completed before January 1, but this may be time enough as the Texas mills are away behind with their orders.

A Denial.

New York, Sept. 15.—The report from Austin, Texas, that a new company has been formed by the Atchison, Topeka & Santa Fe interests for the purpose of building a cutoff from a point on the Santa Fe Gulf division in Texas to a point on its transcontinental line in New Mexico is authoritatively denied. The Atchison has in contemplation the construction at the present time of no such route. The Abo Pass cutoff is the only one which is planned in that section of the country, for the present at least. It is possible that at some future time this line may be extended from Texas southwest across Texas to the Gulf division, shortening the distance from Galveston to the Pacific coast by several hundred miles.

As The Record Sees It.

The foregoing does not jibe with accepted railroad rumors that were prevalent everywhere in Texas. The Atchison, technically speaking, may not contemplate the building of this new line. The Gulf, Santa Fe and Northwestern road has filed application for a charter for this purpose and it will be the Gulf, Santa Fe & Northwestern that will do this work. That the Gulf, Santa Fe & Northwestern is a subsidiary road of the Atchison system there is not the least doubt.

In addition to this filing of the charter by the Gulf, Santa Fe & Northwestern by Santa Fe officials it can also be reliably stated that Santa Fe engineers have completed a survey from Brownwood to Texico for this road. This survey will run the road through Abilene in an almost direct northwesterly line to Texico. Texico is a state line station between Texas and New Mexico on the Pecos Valley line, a Santa Fe property.

The line from Texico to Belen, on the Atchison system is already under construction and barring the unexpected, will be completed by the end of this year. It is also generally understood in Texas that the Gulf, Santa Fe & Northwestern will have trains running on the line from Brownwood to the end of 1907.

A Happy Home

To have a happy home you must have children, as they are great happy-home-makers. If a weak woman, you can be made strong enough to bear healthy children, with little pain or discomfort to yourself, by taking

WINE OF CARDUI

A Building Tonic For Women.

It will ease away all your pain, reduce inflammation, cure leucorrhea (whites), falling womb, ovarian trouble, disordered menses, backache, headache, etc., and make childbirth natural and easy. Try it.

At every drug store in \$1.00 bottles.

WRITE US A LETTER

Put aside all timidity and write us freely and frankly, in strictest confidence, telling us all your symptoms and troubles. We will send free advice (in plain, sealed envelope), how to cure them. Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

"DUE TO CARDUI"

and nothing else, is my baby girl, now two weeks old," writes Mrs. J. Priest, of Webster City, Iowa. "She is a fine, healthy babe and we are both doing nicely. I am still taking Cardui, and would not be without it in the house, as it is a great medicine for women."

prevailing among the magnates over traversing the territory that will be crossed by the Gulf, Santa Fe & Northwestern, there is but little wonder that a system that has as many ramifications as the Atchison should deny such a report, as long as such a denial does more good than harm. The Yoakum Hawley interests that own the Denver; the Gould interests that own the Texas & Pacific, and the Harriman interests that own the Southern Pacific, naturally all look with disfavor on the building of such a line as the Gulf, Santa Fe & Northwestern. And further than this, that the interests that this new road will antagonize will wage a fierce fight against it in financial circles there can be but little doubt.

No need to fear sudden attacks of cholera infantum, dysentery, diarrhoea, summer complaint of any sort if you have Dr. Fowler's Extract of Wild Strawberry in the medicine chest.

Miss Myrtle Williams passed through San Angelo Thursday on her way from a visit to relatives in Sherwood to take up her duties as one of the teachers in the Dallas public schools.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there, we ate some fresh meat and some sausage meat and it gave me cholera morbus in a very severe form. I was never more sick in my life, sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

J. B. Lucas and G. W. Shield, of Reagan county were in San Angelo Friday.
